GOES TO HOLLAND.....

MAY
2006

On the way home from Israel on May 13, 2006, I stopped in Amsterdam to perform in The Hague for the communities of Zutphen and Rotterdam in a sense of friendship and fellowship through the power of music.

Concerts of these types will be organized all over the world with the help of individuals, Governments, churches, and basically anyone with a desire to make the world a safer place for their children and their children's children.
